SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, SEPTEMBER 11, 1912.

50 CENTS PER MONTH

AGUA PRIETA MENACED BY REBELS

Col. Rojas Will Attack Town on
U. S. Border Unless Surren-
der is Made in 24 Hours

**SALAZAR SAYS WILL FIRE
ON FEDERAL AT THE LINE**

U. S. Will Allow Mexican Fed-
erals Passage on American
Soil to Carry on War

DOUGLAS, Ariz., Sept. 11.—Col. Antonio Rojas, commanding one thousand well armed rebels, today served an ultimatum that unless Agua Prieta, Sonora, on the border opposite Douglas, surrenders within twenty-four hours he will attack. The federal garrison numbers but 230 men, poorly equipped. Agua Prieta was the scene of one of the bloodiest battles in the Madero rebellion.

General Salazar, commanding the rebels in northern Sonora, declared that if the Mexican federals attempt to enter Sonora from the United States, he will fire when they cross the boundary regardless of whether or not the bullets fly onto the American side.

DOUGLAS, Ariz., Sept. 11.—Walter Douglas, the millionaire head of the gigantic Phelps-Dodge copper interests, who was reported captured by the Mexican rebels, returned today after a perilous automobile journey from Nacozari. He was compelled to ford rivers in twenty-seven different places where bridges had been burned. He says rebel outposts had been instructed to intercept him, but he escaped. He said the conditions were growing more serious.

**WOMEN ESCORTED FROM
EL TIGRE BY INDIANS**

DOUGLAS, Ariz., Sept. 11.—American women from El Tigre arrived at Isabel station this morning under the escort of 135 American Kickapoo Indians.

Two hundred rifles and a large amount of ammunition passed into Sonora yesterday from the United States for the defense of the Americans at Nacozari.

Campa to Join Zapata

TUCSON, Ariz., Sept. 11.—Rebel General Campa has started southward with a full command, and it is believed he expects to join six hundred rebels who appeared today in the villages of Empalme and Cumaripa. Rumors are that he will march to Mexico City to join Zapata and Orozco in a concerted attack.

Colonel Epea Rangel, president of the Mexican Southern Pacific lines, stated that no railroad property had been destroyed in the last forty-eight hours, but one damage in the last few weeks would aggregate millions.

Epea Asks U. S. Protection

NEW YORK, Sept. 11.—Southern Pacific officials confirmed the report that that road has asked the government for protection of its property in Mexico. A statement has been issued containing copies of telegrams from the company's officers in Mexico saying that large bands of rebel bandits are pillaging and burning throughout Sonora, cutting and demolishing tracks.

**MEXICAN FEDERAL TROOPS
TO PASS THROUGH U. S.**

WASHINGTON, Sept. 11.—Final arrangements were made yesterday through the State Department for the sending of 1200 Mexican troops through United States territory into northern Sonora.

The federal troops are to entrain at El Paso to be transported westward into Arizona, along the line of the Southern Pacific. The point at which they will be detained is being kept a secret, but it undoubtedly will be either Naco or Douglas, from both of which points, it is possible to proceed by rail into Sonora, where the rebels are now most active.

United States Officers Escort

The Mexican troops will be accompanied by United States army officers as escorts. Their arms will be shipped in a baggage car, so that the soldiers themselves will be unarmed during the journey.

Troops May Go From Ft. Sheridan

CHICAGO, Sept. 11.—More than one thousand troops stationed at Fort Sheridan are said to be preparing to entrain for the Mexican border. It was reported today that secret orders had been received by Brigadier General R. D. Potts, commanding the central division, to make immediate preparations for the moving of troops.

B. & O. TRAIN WRECKED

WASHINGTON, Sept. 11.—A Baltimore & Ohio passenger train was wrecked near Cumberland, Maryland today. One is known to have been killed and nineteen injured. Unconfirmed reports say many were killed.

Famous Zion City Choir To Sing On Coast

SAN FRANCISCO, Sept. 11.—Word has been received here that Wilbur Glenn Voliva, Dr. Dowle's successor, is coming to San Francisco with twenty-eight members of the famous Zion City white-robed choir.

Voliva will preach here on Oct. 13, then go to Los Angeles for similar services.

Bulletins of News

Hot from the wire up to 2:30 p. m.

THE WEATHER

Fair tonight and Thursday; light northwest winds.

Lucien Muratore and

Lina Cavalleri to Tour U. S.

PARIS, Sept. 11.—Lucien Muratore, the tenor, has signed a contract for a concert tour in the United States with Mme. Lina Cavalleri. It was reported that Muratore was engaged to the prima donna some time ago, but this was denied.

American Opera Singer

Dies of Operation in London

LONDON, Sept. 11.—Marie La Salle-Rabinoff, an American opera singer and the wife of Max Rabinoff, the Russian impresario, died in a hospital here yesterday after an operation. She was formerly Miss Jessie Richmond of Beatrice, Neb.

Massacre of Armenians

Has Been Resumed By Kurds

CHICAGO, Sept. 11.—According to a special cable from Constantinople the massacre of Armenians by Kurds has been resumed. Two villages in Armenia have been pillaged, and twenty-eight of the inhabitants killed. Another village has been destroyed by fire.

Heat Cause of Three

Deaths in Chicago Yesterday

CHICAGO, Sept. 11.—Heat yesterday was the cause of three more deaths, one of them a suicide. Prostrations were numerous, and one tried in vain to kill himself by jumping into the river.

2000 Acres Burned Over

And Olive Grove Destroyed

REDLANDS, Sept. 11.—Two thousand acres of land at the mouth of Mill Creek Canyon were swept over by a brush fire Monday night and yesterday, and an olive grove, belonging to Mrs. S. H. Mariette, was destroyed.

Fifty men fought the flames several hours before they were conquered.

Southern California

Sunday School Convention Nov. 19-21

REDLANDS, Sept. 11.—In conferences yesterday between R. A. Dowling of Pasadena, state Sunday school secretary and local Sunday school workers, plans were made for the annual Southern California Sunday school convention in Redlands, November 19 to 21.

Panama Cashier

Short \$300,000 in Accounts

PANAMA, Sept. 11.—Accountants yesterday discovered a shortage of \$300,000 in the accounts of Miguel de la Esparilla, formerly cashier in the custom house at Colon, who disappeared ten days ago. The Colombia government immediately instructed the authorities at Cartagena to arrest him.

Sask. Reports Vast

Crop Increase for 1912

REGINA, Sask., Sept. 11.—The estimate of the Provincial Department of Agriculture for the crop of 1912, based on reports received from 1800 correspondents, indicates a yield of all grains of 228,466,154 bushels, which is an increase of 15,750,000 bushels over the crop of last year.

Cows Thrive on

Diet of Spineless Cactus

SANTA ROSA, Sept. 11.—Two cows on R. R. Timms' ranch in Solano county have thrived on a diet of spineless cactus, according to a report received today by Luther Burbank, who disarmed the prickly plant.

Earthquake Recorded

At University of Washington

SEATTLE, Sept. 11.—A distinct earthquake shock was recorded on the seismograph at the University of Washington, beginning at 8:01 o'clock yesterday morning and lasting fifteen minutes. The direction was north and south, and the distance was estimated at 1000 miles away.

Belmont's Tracery

Wins St. Leger Stakes

DONCASTER, England, Sept. 11.—August Belmont's Tracery, Jockey, Beauhouse, won the annual St. Leger stakes of \$30,000. As a society function, the event was not as brilliant as usual, the King failing to attend.

Deadly Aeroplane

Claims Another Victim

DRESDEN, Sept. 11.—Lieut. Siebert, an army aeroplane scout, fell to his death during the Kaiser's army maneuvers today. One hundred thousand troops are participating in a three days' battle, with the Kaiser as umpire.

12,000 VETERANS IN G. A. R. LINE OF MARCH

Hundreds More Follow in Autos
—Many in Wheel Chairs
Swelled Numbers

**"OLD BOYS" FLOWER-PELT-
ED BY WHITE GOWNED GIRLS**

Greatest Day of Encampment

—Reunions and Picnics on
Tap Everywhere

LOS ANGELES, Sept. 11.—It is estimated that 12,000 veterans marched today in the annual parade of the Grand Army encampment.

Hundreds of others followed the marchers in automobiles. Several participated for several blocks in wheel chairs. Capes and crutches were in evidence.

Thousands of spectators thronged the curbs, buildings and reviewing stands. The veterans were continually cheered throughout the long march. They were belted with flowers by scores of white-clad girls at each corner.

Four veterans were overcome by heat during the parade. Ten women fainted in the street. All were taken to the receiving hospital. Mrs. D. S. Strong, aged 67, of Riverside, fainted on a downtown street. Many veterans were compelled to drop from the line before the parade was concluded. The majority struggled through to the end, many forcibly resisting attempts to take them from the line.

Conventions on Today

LOS ANGELES, Sept. 11.—The annual conventions of the Ladies of the G. A. R. Women's Relief Corps and Daughters of Veterans were held today. National officers will be elected tonight.

Following the big morning parade, the G. A. R. veterans attended campfires and state reunions in every park and hotel in the city. Perfect weather marked the biggest day of the encampment.

The election of officers and the selection of the next encampment city will occur Friday. Denver and Detroit are leading in the race for the encampment.

**'WAR TO THE DEATH'
SAYS ESHELMAN**

Who Says He Will Probe Bloat-
ed Railroad Profits in
California

SACRAMENTO, Sept. 11.—Chairman Eshelman of the State Railroad Commission, today promised war to the death on the "bloated profits" of California railroads. He declared the prevailing rates were not in proportion with the amount of money invested.

If Chairman Eshelman's beliefs as to excessive rates is justified by the investigations of the committee of engineers now at work, he promises that the commission will order sweeping reductions in freight and passenger rates. The fight may extend to express companies. He will demand that the engineering committee, which is now making a physical valuation of the railroads, rush the work.

**BECKER ACHIEVES
DISTINCT VICTORY**

NEW YORK, Sept. 11.—Police Lieutenant Becker, charged with the murder of Gambler Rosenthal, scored an important victory today when Justice Blachoff, acting on his counsel's application, postponed the trial scheduled tomorrow until October 1st, despite the strenuous opposition of District Attorney Whitman.

McIntyre, Becker's counsel, declared he has a Hot Springs, Ark. witness who will testify that Sam Schepps, the star state witness, told them that Becker had nothing to do with Rosenthal's murder. McIntyre's request for the appointment of a commission to go to Hot Springs to take the witnesses' testimony was granted.

**GLACIER EXPLORED
BY MRS. WORKMAN'S
BIG EXPEDITION**

LONDON, Sept. 11.—A dispatch from Brinjar, India, in the vale of Kashmir, says Mrs. Fanny Hullock Workman's expedition has completed its exploration of the Blachen Glacier for fifty miles at a height of 17,000 feet and made various ascents ranging from 19,000 to 21,000 feet.

The avalanche which killed one of the guides some time ago and which caused the circulation of a rumor that it was Dr. Workman who lost his life, nearly swept several others away, including a woman, into the abyss.

ROOSEVELT CUTS OUT SHORT TALKS

Voice Giving Way—Must Con-
serve it For 60-Day Cam-
paign He is Yet Facing

**CROWDS CHEER HIM IN
PARADE AT PORTLAND**

Wilson Will Keep McCombs on

Job as Chairman in Spite
of Big Interests

PORTLAND, Sept. 11.—Colonel Roosevelt today announced that he will omit his five-minute speeches on the remainder of the western trip. He said: "I have sixty days of speaking ahead. The effort of these short speeches is too great. Hereafter I will confine my remarks to words of greeting."

Roosevelt's voice is almost gone today. His physician is working on his throat. He starts to California via Idaho tonight.

Colonel Roosevelt was cheered throughout the long automobile parade. He frequently answered sidewalk questioners. After the parade he returned to his hotel for a rest before his speech at Gypsy Smith's Tabernacle.

**WILSON WILL KEEP
McCOMBS ON THE JOB**

NEW YORK, Sept. 11.—Governor Wilson today unqualifiedly denied the reports that Chairman McCombs of the Democratic national committee will be forced to resign because of the influence of financial interests. "It is absolutely untrue," Wilson heatedly declared. "I must believe such false, cruel rumors are spread from malicious sources."

In an open letter to the Brooklyn Eagle, Governor Wilson declared that McCombs will remain chairman throughout the campaign. He said: "Even though he is now ill, McCombs' counsel will be sought just the same."

McCombs is reported as improved in health, and that he will be ready to resume his desk at national headquarters next week. The Democratic leaders refuse to discuss the probable source of the rumors.

**WILSON WILL MAKE SHORT
TRIPS AS WELL AS TOURS**

SEA GIRT, N. J., Sept. 11.—Weekly trips will occupy Governor Wilson's time, when not on long tours, until election day, according to plans announced here. He goes tonight to Syracuse for a speech and conferences and starts another trip upon his return here.

**LOS ANGELES TO
ALLOW A PUBLIC
MARKET IN CITY**

LOS ANGELES, Sept. 11.—At the suggestion of Councilman Betkouski the Council yesterday adopted a resolution providing for the establishment of a public market at the Plaza.

In accordance with the Council's action, producers, farmers and ranchers will be permitted to stand their wares at the Plaza between 12 o'clock midnight and 9 o'clock in the morning.

The market in reality will be under the supervision of police regulations, and Chief Sebastian will be expected to detail a patrolman to look after the market during the specified hours.

EDWARD POLLITZ IS DEAD

SAN FRANCISCO, Sept. 11.—Edward Pollitz, aged sixty-six, one of the organizers of the San Francisco stock exchange, and a prominent broker and millionaire, died today. He was a director in several Hawaiian sugar corporations.

**JENNIE CROCKER WHITMAN
AND SPOUSE IN NEW YORK**

NEW YORK, Sept. 11.—Millionaire Malcolm D. Whitman and his ten-million-dollar bride, who was Miss Jennie Crocker of California, have taken the Fifth avenue home built by Francis Burton Harrison for the winter.

Society folk are aghast at the report that one important adjunct to the newly acquired mansion will be an elaborate kennel for the sixty-three pedigree dogs which the famous bride insisted upon carrying with her in a special car during the recent transcontinental honeymoon.

**THOUSANDS OF BANKERS
AT DETROIT CONVENTION**

DETROIT, Mich., Sept. 11.—The national convention of the American Bankers' Association, which began here yesterday brought to Detroit between 2000 and 3000 delegates from the United States, its territories and Canada.

After the convention had heard several addresses of welcome at opening session, it was planned to dispose of several formal reports of the various officers and then listen to the address on "Banking and Currency Reform," by Robert W. Bonynge of Denver, member of the national monetary commission.

JOHNSON TO TALK IN LA FOLLETTE'S STATE

Will Address Progressive Convention
In Milwaukee—Yesterday He Scored
Old Party Weaknesses

MILWAUKEE, Sept. 11.—Governor Hiram Johnson of California will address the Progressive State convention here tonight. Miles Poindexter is speaking this afternoon. It was understood he would arraign La Follette for his failure to join the Bull Moose party. It is practically certain that the convention will not name a Progressive state ticket.

**SCORED OLD PARTIES FOR
NEGLECT CHILD LABOR AND
WOMEN'S MINIMUM WAGE**

CHICAGO, Sept. 11.—Governor Johnson last night vigorously assailed the Democratic party for its silence on the question of child labor.

The Progressive party, he said, declares emphatically against the employment of children.

But no mention of the subject is made in the Democratic platform. That party alone is silent on this humane issue.

"This silence," he told a big audience at Joliet, "was not a matter of mere accident. It was a deliberate omission."

"The reason was because big business controls the Democratic party in the south, and the Democracy of the south controls the Democracy of the nation."

Governor Johnson pointed out that it has been the quiet work of the southern mill owners that for years has prevented federal legislation. These men are piling up immense fortunes at the sacrifice of innumerable lives of helpless children, whose bodies they deform and whose minds they darken through greed and avarice.

As another evidence of the lack of sympathy for human legislation, Governor Johnson cited the declaration of Wilson against that plank of the Progressive platform which demands a minimum wage for women.

The trouble with the Republican and Democratic parties, Governor Johnson said, is that they have forgotten the great, fundamental human issues until today their only concern is property.

"No government," he said, "is a real government that does not protect property honestly acquired; but the government that concerns itself with property alone is worse than no government at all."

That his auditors agreed thoroughly with him was evidenced by the hearty applause which punctuated his address throughout.

At Streator yesterday afternoon Governor Johnson was driven to the local exposition grounds, where a district fair was in progress. He spoke to 2000 men gathered from all sections of the county.

Population Centers Visited

Yesterday's trip carried Governor Johnson through eight population centers, at each of which stops were made and addresses delivered. The first stop was at Rockford, where the vice presidential candidate was greeted by an immense throng at the county courthouse. Then followed in order Freeport, Polo, Dixon, Mendota, Streator, Ottawa, Aurora and Joliet.

Several of the Progressive candidates for state office accompanied the governor on his trip.

DE BACA IS NAMED BY PROGRESSIVES

Will Run For Governor—Electo-
rally Ticket Also Named by
Bull Moose Party

ALBUQUERQUE, N. M., Sept. 11.—In the most enthusiastic of the state conventions held in New Mexico this year, the Progressive party yesterday nominated E. C. de Baca, a "dark horse," candidate for congressman, and named as electors Elmer S. Studley of Raton, Dr. D. E. Thomas of Roswell, and George W. Armijo of Santa Fe.

The convention was harmonious from start to finish. There was no state Joan Baron Burg, foremost Progressive in the last legislature, delivered the keynote speech, lasting an hour and a half, and during which he was frequently interrupted by bursts of applause.

CLEVER EMBEZZLER DIES

NEW YORK, Sept. 11.—Cornelius L. Alvord, Jr., one of the cleverest embezzlers ever caught in Wall street, died yesterday at his home in Stockport, N. Y., where he had been living with his wife and three children since he ended his eight-year term in Sing Sing.

Alvord was teller in the First National Bank in the United Banking Building, at Broadway and Wall street, and he had stolen \$690,000 from the bank when he was caught in 1900.

THE GREAT ROOSEVELT MEETING IN LOS ANGELES NEXT MONDAY

LOS ANGELES, Sept. 11.—On Monday next, September 16, Colonel Theodore Roosevelt, candidate of the Progressive party for office of President of the United States, will arrive in Los Angeles. In the evening he will address at Shrine Auditorium what will in all probability be a record breaking assemblage. The only trouble the Progressives have experienced in arranging the Roosevelt meeting has been that they have been unable to secure any place large enough to accommodate the tremendous throng which will wish to hear the next president of the United States. It was suggested at one time that the baseball park in this city be secured, and that a platform be erected over the home plate so that Colonel Roosevelt could speak to the audience seated in the grandstand and bleachers. In this way about twelve thousand people could have been taken care of. However, as Colonel Roosevelt is campaigning strenuously he is under the necessity of conserving his voice. His throat has troubled him some, and so the national campaign managers are forbidding him to make any, save very short speeches, in the open air. When the suggestion mentioned was wired to Progressive national headquarters in Chicago, Medill McCormick replied that it would be inadvisable for Colonel Roosevelt to undertake such effort.

WAR TORCH IS LIGHTED BY TAUNT

Turkey Answers Bulgaria's
Ultimatum by Advance on
Her Frontier

**RUSHES TWO BRIGADES
TO IMMEDIATE ACTION**

Shot at Turkish Patrol Opens

Battle That Raged Through
Night and Today

BERLIN, Sept. 11.—"Grant self government to Macedonia or Fight," is Bulgaria's ultimatum to Turkey, according to a special dispatch to the Frankfurter Gazette. A clash of troops on the border followed yesterday. The Gazette says the ultimatum renders war inevitable.

**TURKEY RUSHED TROOPS TO
FRONTIER AS QUICK ANSWER**

CONSTANTINOPLE, Sept. 11.—The War Office today answers Bulgaria's ultimatum regarding Macedonia by rushing two brigades of troops to the Bulgarian frontier. Cabinet officers characterize the Bulgarian note as a "pernicious interference in Turkey's internal affairs."

**BATTLE RAGED ALL NIGHT
AND CONTINUES TODAY**

VIENNA, Sept. 11.—Intemperate fighting and heavy casualties on both sides are progressing on the Turko-Bulgarian frontier, according to Constantinople and Bulgarian dispatches.

The Bulgarians fired on a Turkish patrol. The fire was returned and five Bulgarians were killed. A battle followed, raging through the night and continuing today.

**NOME LINERS WILL CARRY 2
WIRELESS OPERATORS ABOARD**

SEATTLE, Sept. 11.—The Pacific Coast Steamship Company's Nome liner Senator, when she sails for the north today, will have two wireless operators on her station. She also will be equipped with an emergency auxiliary wireless plant operated by storage batteries, which will enable her operators to communicate with other vessels should her fires be extinguished, her hold filled with water or her dynamos put out of commission.

These extra precautions are taken to comply with the new law that goes into effect October 1. At that date the senator will be on the ocean bound from Nome for this port. The Great Northern Steamship Company's liner Minnesota, which sails for the Orient, September 17, will also be similarly equipped when she leaves this port as she will be nearing Yokohama when the law takes effect.

EUCCHARISTIC CONGRESS

Immense Crowds Attend Twenty-
Third Catholic Convention Be-
ing Held in Vienna

VIENNA, Sept. 11.—The Eucharistic Congress opened today with nearly one hundred thousand delegates, including many cardinals, archbishops and bishops. The anti-clericals are showing disapproval of the Austrian government's attempts to suppress their literature. Bitterness is growing over the controversy.

VIENNA, Austria, Sept. 11.—Under the protection of Emperor Francis Joseph, the Twenty-third Eucharistic Congress began yesterday its labors, which are to be continued until next Sunday. Delegates and visitors numbering upwards of 150,000, and including representatives from the United States, South America and Canada, and from all the countries of Europe, are here. The papal delegate to the congress, Cardinal Van Rossum, arrived yesterday from Rome, and was received by the Emperor and members of the imperial family.

TO ORGANIZE WOMEN VOTERS

Democratic Organizer Will
Conduct Meeting at the City
Hall Tomorrow

A meeting of the women voters of Santa Ana and vicinity will be held in the council chamber at the city hall tomorrow afternoon at 2 o'clock for the purpose of forming an organization of the women interested in the election of Woodrow Wilson as president. The meeting is to be addressed by Mrs. Imogene W. Huey of Los Angeles, state organizer for the California Women's Democratic League. Edmund Norton, a well known Los Angeles Democrat, will also make a short address.

Mrs. Huey has organized the Democratic women of forty counties during the present campaign, and reports that over the state there is keen interest among the women voters in the coming election, and that they are thoroughly alive to the issues involved. Mrs. Huey claims that there will be a very large women's vote for Wilson.

Considerable interest has been aroused locally in the meeting, and the expectation is that there will be a good attendance.

MAKE RAISE OF 25 CENTS

Fullerton Tax Rate This Year
Will be \$1.55—Corner-
stone Laying

FULLERTON, Sept. 11.—The city tax rate for the next year will be \$1.55 on the \$100 assessed valuation. This includes money to meet the interest on the waterworks bonds and road bonds for the next year. The rate is an increase over last year of 25 cents, the former rate being \$1.30. The new rate is said to be about the average of the rates now prevailing in the small, well-improved cities of Southern California.

It is said that when the waterworks is installed and begins to return revenue, it will be possible to lower the rate, as the profits will pay interest and provide for the sinking fund to pay off the bonds.

The expenditures for the city library during the past year foot up a little over \$1700.

Cornerstone for Church
The laying of the cornerstone for the new Baptist church, which is being erected on the old site, will take place Sunday, September 22. Exercises will begin at 3 p.m., at which time Rev. A. H. Bailey of Los Angeles will give a history of the church and organization. Rev. Otto Russell is to deliver the cornerstone-laying address. The task of laying the cornerstone will be performed by Rev. Whiteside, the pastor. The walls of the church are entirely up, and the stucco work on the exterior will be put on shortly.

The Redondo Chamber of Commerce will come to Fullerton today, and is to be entertained by the Fullerton Chamber.

Many Driven From Home
Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Stockholders, S.A.V.I. Co., have you paid Assessment No. 50? Levied July 22nd, delinquent Sept. 11th.
O. E. MANSUR, Sec'y.

WILL COMPEL FIRE ESCAPES

Orange Trustees Plan to Re-
quire Safety Devices on All
Public Buildings

Orange News: An ordinance based on public safety, which will require the placing of fire escapes on hotels and schools, and the proper marking of exits in hotels, theaters, churches and other public buildings, will be formulated by a committee appointed by the board of trustees last evening.

The action was taken at the suggestion of Fire Chief Clement, who stated that he had received a suggestion from the board of fire underwriters in this direction, and that without a city ordinance he is powerless to act.

He declared that hotels, theaters, churches and public buildings are not properly marked with exit lights and signs, and that hotel and school buildings are not safeguarded as to fire escapes.

Prof. Durfee spoke of the condition of the grammar school buildings. He said that he had little fear of the situation of Glassell street school, where the upper story is reached by two stairways and stairs are used to heat the building. He said that the students have fire drills in which they can be marched out in from two to three minutes, and having two stairways, there is little danger of a crush. Of the Center street school, however, he said he was uneasy. That school has but one stairway to the upper floor, and the furnace is directly under the stair. In case of fire breaking out from the furnace, he said, the stairway might be burned away and leave about eighty children above, without means of escape. He asked that the committee to be appointed examine the school carefully and make recommendations for making it safe.

Celebrate Silver Wedding
The silver wedding anniversary of Mr. and Mrs. William Hillebrecht was celebrated yesterday when a large crowd of their friends surprised them at their home on South Tustin street. The forenoon and evening resulted very pleasantly for all who took part in the affair.

The young folks spent the time in games of every description, while the older folks found equal enjoyment in watching them or amusing themselves in other ways. A splendid dinner was served at 5 o'clock.

Mr. and Mrs. Hillebrecht were married twenty-five years ago in Los Angeles. Twenty years of their wedded life has been spent in this city, during which time they have become highly esteemed and have a wide circle of friends, as attested by the large number of guests at their celebration. They were also the recipients of many beautiful gifts.

Speeders Fined
Two automobile drivers paid fines of \$10 each in Judge Fullerton's court this morning, for breaking the speed limit, with their machines. They were V. Stanfield of Orange, and V. E. Parkman of Santa Ana. The former was picked up on North Tustin and the latter on East Chapman. Marshal Warner made the arrests.

MILLION DOLLAR SMELTER FOR RIVERSIDE MOUNTAIN

RIVERSIDE, Sept. 11.—That a million dollar smelter will be started soon at the properties of the Republic Smelting corporation, at Riverside Mountain, six miles from Calzona, is the announcement made by J. A. Chestnut of Pasadena, general manager, and A. L. Bigelow, superintendent, who have just visited the property. The corporation is capitalized for \$7,500,000. It is believed that the Schwab interests are connected with the enterprise. A merger of 65 mining claims has been effected, the property involved in the merger embracing four and a half miles of highly mineralized mountain. The merger includes the Steece copper mines, the Calzona copper properties, the Bradley & Morgan claims and the Roberts & Burke claims. The smelter will have a daily output of 1000 tons.

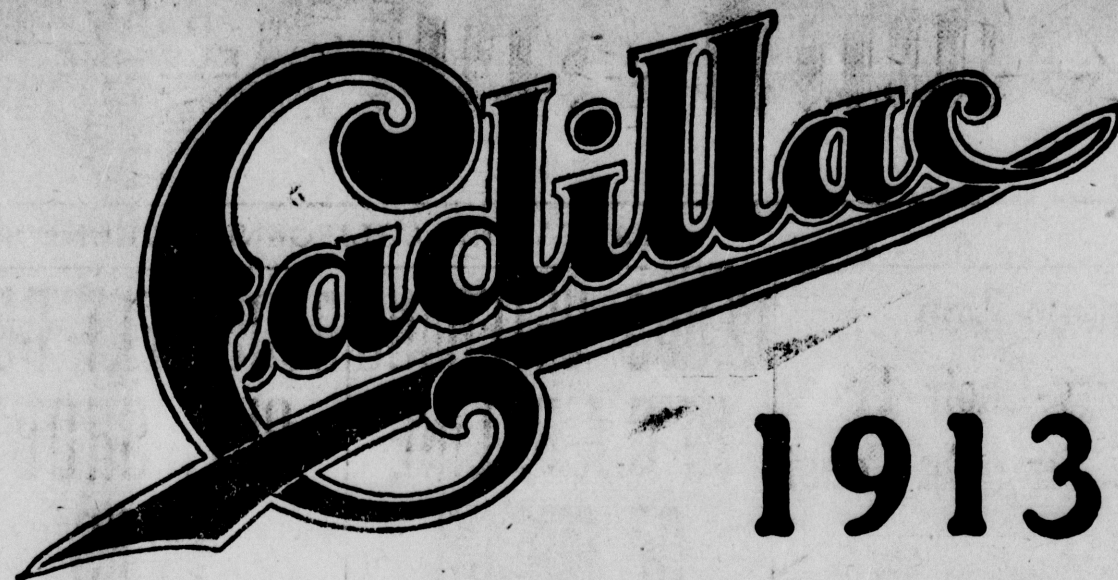

JEWS OF OREGON FORM "BACK TO THE FARM" MOVEMENT

PORTLAND, Ore., Sept. 11.—An organization known as the Hebrew Agricultural Association of Oregon was installed in the vestry rooms of the Talmud Torah synagogue, having as its purpose the encouragement of agriculturists to enter actively in the "back to the farm" movement by cultivating and developing farm sites. The association operates under a charter from the state of Oregon.

The ultimate success of the movement is attested by the fact that already some 25 or 30 well-to-do Jewish families have signified their intention of withdrawing from mercantile pursuits and becoming agriculturists pure and simple. Where aid would be acceptable the society has offered aid to the settlers by loans without interest. Several of the farm seekers are to be on government land.

The Men Who Succeed
as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

ALASKA BOUNDARY SURVEYED
DAWSON, Y. T., Sept. 11.—The international boundary survey party, which has been marking the line between Alaska and the Yukon Territory, arrived here Monday, having

Any car at any price which
you choose to compare with
this new Cadillac will be
honored by the comparison.

PRICES F.O.B., Santa Ana
Including Standard Equip-
ment.

Touring Car\$2125.00
Six Passenger\$2225.00
Torpedo\$2125.00
Phaeton\$2125.00
Roadster\$2125.00

Long stroke engine. More power. Silent chain-driven camshaft; enclosed valves; quiet engine. Longer wheelbase; larger tires. Electrical system of automatic cranking, lighting and ignition simplified and improved; automatic spark control. Numerous refinements of essential details.

You will bear witness that the Cadillac case has
never been overstated.

Hold to that thought, please, in considering what
we shall say of this new car.

Cadillac practice has progressively improved up-
on itself season after season.

It has now reached a point, which, we believe,
warrants us in thinking that comparison of the choic-
est cars with the Cadillac will hereafter confer a dis-
tinction upon those cars, rather than otherwise.

For several years we have calmly observed the
rapid rise of the Cadillac in public opinion.

Each year we have seen the little group of its
equals in popular esteem narrowed down.

Each year we have seen a higher and higher price
named as the basis of comparison with the Cadillac.

And we believe that this basis of price compari-
son is about to vanish altogether.

We believe that the last mental reservation is
about to remove itself from the public mind.

We ourselves have felt serenely sure for a long
time, that in point of real and substantial value the
line of demarcation between cars of highest price and
the Cadillac was an imaginary line.

We have felt that it was written in water, like the
international boundary lines in the ocean—and we
feel that this new Cadillac will complete the process
of so convincing the public.

The advent of such a car at the Cadillac price is,
of course, a matter of genuine moment; and you will
be interested, therefore, in this news concerning it.

A Few of the Improvements in the 1913 Cadillac

LONG STROKE ENGINE—4 1/2 bore by 5 3/4 stroke, increasing the power of the always extraordinarily efficient Cadillac engine. This amplification of power is especially observable at speeds from 12 to 25 miles an hour, dynamometer tests registering an increase of from 18 to 25 per cent.

SILENT CHAIN-DRIVEN cam shaft, also pump and generator shaft, replacing meshed gears, in conjunction with:

ENCLOSED VALVES, and the superb workmanship throughout in which the Cadillac has always excelled, producing an engine which runs with unusual quietness.

CARBURETOR—A carburetor of marked efficiency and simplicity has been further simplified, now requiring but a single means of adjustment, removing from it to the greatest possible degree the necessity of attention.

AUTOMATIC SPARK CONTROL—Relieving the driver of the necessity of constant attention in order to secure the maximum results.

AUTOMATIC ELECTRIC CRANKING DEVICE, ELECTRIC LIGHTS, IGNITION—A vastly simplified and improved Delco system developed at the instigation of the Cadillac Company for Cadillac cars, the result of experience with the old system on twelve thousand 1912 models.

While the old system demonstrated itself to be by far the most efficient for its purposes that had ever been developed, the Cadillac Company has evolved means of increasing that efficiency to as near the 100 per cent point as any mechanical appliance could be. Among the simplifications are, the successful adoption of the single instead of double voltage system, thereby eliminating the controlling switch, the meter, much wiring and other parts. The meter is replaced by a voltage regulator which automatically governs the charging of the battery, reducing to an absolute minimum the attention required on the part of the user. The switches for starting, lighting and ignition, the latter equipped with Yale lock, are more conveniently located. Lights are provided with fuses. These and other advantages will be enjoyed by users of the 1913 Cadillac, and the 1913 Cadillac only.

TIRES—Increased from 36x4 to 36x4 1/2, with the obvious advantages resulting therefrom. Demountable rims.

EQUIPMENT—Cadillac top and windshield included. See specifications.

LONGER WHEELBASE—The easy riding qualities of a car which has been regarded as the acme of luxury are accentuated by an increase in the length of the wheelbase from 116 to 129 inches and a corresponding increase in the length of rear springs.

Place your order now if you wish to get in on the first allotment of cars. We Have already sold 4 cars and orders will be filled in order that they are booked.

Save \$500 on a 1912 Cadillac

I have a 5-passenger Cadillac Touring Car. Just as good as new with full equipment—Cost with extras \$2300.00. Will sell for \$1800.00 if taken soon. We took this car from an owner who has placed with us an order for a 6-passenger car.

BURKE'S SENTENCE HAS BEEN COMMUTED
Gets Life Sentence—Acting Governor Wallace Also Grants Reprieve to Willie Luis

SACRAMENTO, Sept. 11.—The commutation of sentence of William Burke, convicted in San Diego County of the murder of a woman, from hanging to life imprisonment, was announced in the office of Acting Governor Wallace yesterday. Evidence showed he was crazed with liquor at the time of the crime. The Acting Governor has reprieved Willie Luis, Chinese, convicted of the murder of his step-mother in San Luis Obispo County, for two weeks. Luis was to have hanged Friday.

EDUCATORS HOLD IMPORTANT MEET

Discussed County Libraries at
Avalon—More Than 100
Attend Meeting

LOS ANGELES, Sept. 11.—By far the most important convention ever assembled by the county and city school superintendents of California began at the Metropole hotel in Avalon, Catalina Island, yesterday, there being more than a hundred superintendents throughout the state present.

Many changes in the text-books now employed by the state are being agitated, and if accomplished would mean hundreds of thousands of dollars to the text-book companies. This will be discussed and considered by the present convention.

Mark Keppel of Los Angeles County welcomed the visitors at the opening session yesterday on behalf of Los Angeles County and Edward Hyatt, state superintendent, was chosen chairman of the convention.

The morning session was devoted to a discussion of "County Libraries and the Schools," led by Miss Stella Huntington of Woodland.

Yesterday afternoon the question of text-book changes was discussed. Superintendent C. L. McLane of Fresno introducing the subject, suggestions of possible changes in history and physiology being the basis of his remarks.

One of the most important and beneficial subjects to be considered will be the "County Library," as is now being used in Yolo County, Miss Stella Huntington, the county superintendent, being the originator of the idea and its system of working will be thoroughly discussed and followed by questions and answers.

The object of the County Library is to allow people in the more remote sections of the state to enjoy the efforts of the County Library. In other words, it means a circulating library on a large scale, which, with the rural mail routes, makes the transfer of books possible throughout the county, each school district being a sort of branch library of the main or County Library.

MAYOR GAYNOR WAS 3-HOURS WITNESS

Voluntarily Appeared Before
Graft Probe—Becker Head
of Police Graft

NEW YORK, Sept. 11.—Defending his own administration and that of Police Commissioner Waldo, Mayor Gaynor appeared before the committee of aldermen which is investigating the corrupt police conditions brought to light by the Rosenthal murder, yesterday afternoon. For three hours he bickered with Emory R. Buckner, the committee's counsel, avoiding questions of fact and waxing sarcastic when he failed to lead the inquisitor astray by long dissertations on side issues.

The voluntary appearance of Mayor Gaynor was a surprise, inasmuch as he had written an accusation of graft against Alderman Curran, chairman of the committee, and declared he could not work with investigators who were tainted by corruption themselves. Alderman Curran announced his intention of suing the Mayor for libel.

At one stage of the proceedings yesterday the Mayor, angered by the question of Buckner, declared: "I'm responsible. Look at me. If anything has been wrong I am responsible."

He also said he had learned that Lieutenant Becker, alleged instigator of the Rosenthal murder, was "the head of the police graft."

The Mayor said: "I found out that he was the head of the police graft, not an underling. I was hurt, but not at all surprised. I received complaints about him a year ago. I don't want to hear Becker's name again."

McDANNALD USES ONLY ORANGE COUNTY FLOWERS

Mrs. E. B. Norman yesterday took to the Chamber of Commerce a handsome bouquet of roses for the exhibit room. Mrs. C. L. Slack also contributed a bunch of splendid dahlias. D. W. McDannald, who was due to open his season as Orange County lecturer at the Los Angeles Chamber of Commerce today, happened to be on hand, and promptly commandeered the flowers, saying he could get nothing like them in Los Angeles, and would use them to lend eclat to the opening day.

PAPE'S DIAPEPSIN REGULATES STOMACH

Time It! In Five Minutes Gas,
Sourness and Indigestion
is Gone

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Diapsieptic, get this: Pape's Diapsieptic digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regularizes your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapsieptic is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapsieptic comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no erections of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapsieptic from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

LONG BEACH C. OF C. CARRIES WAR VETERANS TO PARADE

LONG BEACH, Sept. 11.—An announcement made yesterday that Long Beach had four veterans of the first battle of Bull Run, who were desirous of attending the parade in Los Angeles Wednesday, but two were crippled and an auto was desired to carry them to Los Angeles brought a flood of offers today, but the Chamber of Commerce offer was accepted and the four grizzled warriors will journey to Los Angeles in style in an auto, which will be appropriately labeled and win them distinctive recognition in the parade. The quartet are J. C. Haskins, C. Wilcox, S. H. Mallou and Charles Gargin.

ORANGE ESSENCE NEW ANESTHETIC

Vaporized Essence Stronger
and Safer and More Pleasant
Than Any Other

NEW YORK, Sept. 11.—A new anesthetic, with which the patient is lulled quietly to sleep by the odor of oranges instead of with a struggle that attends the use of ether, has been discovered.

The new anesthetic is based on the odor of essence of oranges, which is ten times stronger than the odor of ether. The patient smells this vaporized essence, which is then gradually mixed with ether, the change from one to the other being imperceptible.

As demonstrated in five operations at the hospital and confirmed by upwards of 200 experiments performed by its discoverer, the new process has the advantage of being much safer than the use of ether alone, taking only half the time to administer, being much less costly, doing away entirely with the patient's struggles and being followed by a quick recovery and no sense of nausea.

MAKE NO MISTAKE ABOUT DATE OF THE VANDERMAST SALE

Walter Vandermast testifies to his faith of the pulling power of the Register advertising columns every day in the year by using space liberally; but today his testimony is unique and especially strong; it is in the form of a kick.

Last Friday, the day before the big Red Tag sale of Vandermast started, the following little "reader," in addition to his full page ad, was inserted:

RED TAG CLOTHING SALE

—Vandermast & Son's Semi-Annual Clearing Sale commences Saturday morning at 8 o'clock.

By some oversight it was not discontinued, as was intended, after the first insertion, and since then it would indicate that the sale starts NEXT SATURDAY, SEPT. 14.

—Walter said this morning: "You fellows have got to fix that so that I won't have a crowd of people coming in next Saturday." When it was suggested that his other larger advertising would make it clear that the sale began last Saturday, he said: "Of course most people will understand, but many will not, and our experience leads us to believe that many will come next Saturday expecting to 'get in on the ground floor' of this sale. Of course there's a vast amount of big bargains yet to be had, but selling has been very heavy during the first three days, and I don't want to take any chances on any misunderstanding."

So an take notice now that the "Red Tag Sale" of Vandermast & Son began last Saturday and will continue until and including Saturday, Sept. 21.

THE RAYMOND DEPARTMENT STORE OPENING FRIDAY, SEPTEMBER 13TH

—Santa Ana's new department store will be open for business Friday morning, September 13th at 9 o'clock. This store will carry a greater variety of goods than any other store in Santa Ana. 300 ladies' Wash Dresses, from \$1.00 up.

300 pairs of ladies' Silk Gloves, at 25c.
Ladies' Shoes, at per pair, 25c up.
Men's fall Suits and Overcoats, choice \$8.00.

THE RAYMOND DEPT. STORE.
Opposite City Hall, Santa Ana.

SANTA MONICA WILL BUILD \$60,000 TWO-STORY BATHHOUSE

SANTA MONICA, Sept. 11.—On the site of the old North Beach Bathhouse will soon arise one of the finest and most artistic bathing establishments on the southern coast. A unique construction work on a handsome two-story and a mezzanine building costing \$60,000 will be begun by the Santa Monica Bathhouse Corporation within a few days.

The building will be constructed of reinforced concrete. It will have a frontage on the ocean of 150 feet, and a depth of 105 feet, and will be of highly ornamental design, with a dome in the Grecian style. A wide rest and reading room will occupy a space 48x60 feet in the center of the building. There will be 300 large dressing-rooms, each opening outside or onto the court, and each will have a glass roof and will be the largest and best appointed dressing-rooms now extant.

30,000 LEMON TREES BOUGHT BY BIG CITRUS FARM COMPANY

SANTA BARBARA, Sept. 11.—Thirty thousand young thriving lemon trees are being grown on the estate of Charles Frederick Eaton, in Montecito. They have been purchased by the Citrus Farm Company of Santa Paula, which has acquired 1080 acres of lean land near Camarillo. In time the entire tract will be devoted to the citrus fruit industry and it promises to rival in output the famous Limonera ranch in the same county. Twenty thousand of the trees will be shipped to Camarillo in September and the remainder will probably go later in the season.

RIVERSIDE COUNTY WANTS GOOD ROADS

Will Spend \$75,000 in Coming
Year to Improve Roads
With Rock and Oil

RIVERSIDE, Sept. 11.—The sum of \$75,000 is to be spent for permanent improvement of the roads of the county during the coming year. Of this amount, \$55,000 is to go for permanent macadam and rock-ballasted roadbeds and \$20,000 for oil to be used on other roads within the next twelve months.

Several of the roads to be improved are tributary to Riverside. All are highly important to Riverside county and will benefit not only the districts they go through, but all this part of Southern California. Several links in the ocean-to-ocean highway are to be improved, including granite and oiled roads near Banning and Beaumont and in the Coachella Valley.

In the western part of the county the first road to receive attention, according to one of the supervisors, will be the Box Springs grade, from the top of the Box Springs grade to Alessandro. Other roads to be macadamized are the Wineville road, toward Ontario, part of Iowa avenue and a Corona road, to connect with Magnolia avenue.

IN JAIL TWO DAYS THEN FOUND NOT WANTED

After being held in jail here more than two days on suspicion, Patricio Samaniego was discharged because the officers of San Diego County decided they did not want him. The man was suspected of being the one wanted for assault and robbery on a woman at Encinitas, and when his description was telephoned to San Diego the officers thought him the man, and said an officer would be sent here to get him. However, none was sent, and after the local authorities had several times inquired of San Diego what was to be done with the man the information was finally given that he was not wanted, and Samaniego was turned loose. Next time the local officers will not be in any great hurry to hold a man solely on the say-so of the San Diego officials.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Re-
store Gray and Faded Hair
to Its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in the it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Get a 50 cent bottle from your drugist today. He will give you money back if you are not satisfied after a fair trial.

BRIDE AND GROOM RE-WED, TAKEN INTO BLACKFOOT TRIBE

ST. PAUL, Minn., Sept. 11.—Robert Heini, Washington, correspondent of a weekly periodical, and his bride of a few days, formerly Miss Helen Corbin of Indiana, were married again yesterday by Chief Three Bears of the Blackfoot tribe of Indians, while the couple were honeymooning in Glacier National park. The strange wedding, which means the adoption by the Blackfoot tribe of the "pale faces," was witnessed by about 100 tourists from various parts of the United States and several countries of the old world.

Thirty Indians, mostly grass dancers, took part in the ceremony, which, of course, took place in the open. The name bestowed upon Mr. Heini by the Blackfoot chief is "Black Eagle" and his bride was named "Small Woman."

The Blackfoot tribe has adopted only ten white people into its tribe in its history.

Uncle Ezra Says
"It don't take much of a skill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at all druggists.

20 PERISHED WHEN BOMB EXPLODES IN MACEDONIAN TOWN

SALONIKA, Sept. 11.—Twenty lives were destroyed and thirty persons injured when a bomb was exploded in the market at Doiran, Macedonia, yesterday. No details have been received, but it is suspected here that the outrage was the work of anti-Turkish plotters. There has been further fighting on the Turko-Greek frontier and it is reported that seven Turks were killed and thirteen wounded.

QUEEN BEES ARE SHIPPED THROUGH MAILS TO JAPAN

RIVERSIDE, Sept. 11.—Packages of high potentiality—forty-two parcels each containing an even dozen queen bees—were mailed at the Riverside postoffice yesterday, with Japanese addresses. The unique business of raising queen bees and sending them across the water by mail, is being conducted by M. N. Atchley of West Riverside, a recent arrival from Texas.

Each package consists of a pine block one and one-half inches square by three inches in length. The block is hollowed out sufficiently to accommodate twelve bees, and enough food to last through the journey. The provender comprises a quantity of powdered sugar and honey. The miniature cage is covered with a bit of screened wire, which admits air and prevents the bees making their escape. An opening at one end, where the honey is stored, is sealed by means of a piece of pasteboard, and when this is removed at the close of the journey, the bees literally eat their way out of the prison house.

The bees are of the Italian variety, and are in demand in some of the large Japanese apiculture, where new queens are desired. These are the first to be shipped from this apary in this novel manner.

NAVY RECRUITS ARE BEING SOLICITED

Enlisted Force is 5634 Less Than Required By Law—Stations Opened Over Country

WASHINGTON, Sept. 11.—With the enlisted force of the navy nearly six thousand men below its normal strength the department today began an active campaign to get recruits. The total enlisted force now is 46,766 or 5634 less than required by law. One of the chief causes for the falling off was the long delay by Congress in passing the naval appropriation bill, but this was complicated by the heavy demand for men on farms in the middle west.

The navy, however, is looking forward to the autumn, when hundreds of men probably will be thrown out of work. Steps already have been taken to establish recruiting stations in Denver, Salt Lake City and Richmond, Va., while traveling parties have been sent into the country.

FRANCE OPENS AVIATION SHOPS TO U. S. A. OFFICERS

New York Herald, Sept. 9: France, which, like the rest of the world, owes much to America for the discoveries of the Wrights, Langley and Chanute in the domain of the air, is the first to make an effort to repay the debt. French workshops and flying fields have been opened to our army officers, who are investigating the wonderful progress of the French military types of aeroplanes. One officer, in an official report, declares these machines superior in construction, equipment and speed to our own.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

TARIFF REVISION

In the September issue of Everybody's Magazine appears an enlightening article by Charles Johnson Post giving facts and figures concerning a flagrant abuse of the law designed to protect American manufacturers against foreign competition. This particular abuse is the practice of selling American manufactured products cheaper abroad than they are sold at home.

For instance, a standard make of cook stove has an export price of \$15, but the domestic consumer who wants the same stove must pay \$20 for it. Certain soaps are delivered on shipboard for a price 48 per cent less than that charged to retailers for the home trade. A baby carriage that costs the American merchant \$12.67 is quoted to merchants overseas at \$9.50. The export price of a well-known sewing machine is \$18.62; the price to American families is \$30. And so it goes throughout a long list that includes many articles of household use and all kinds of mechanics' tools. The difference in favor of the foreigner ranges from 17 per cent to 69 per cent, the average being approximately 40 per cent on seventy-seven articles. Incidentally, this means that the American who pays \$100 a year for such articles is ruthlessly taxed \$40 more than the amount necessary to equalize the cost of production home and abroad.

When American alarm clocks go to foreigners for from 17 to 48 per cent less than they are sold in the United States it is high time for Americans to wake up.

Yet while we are making the necessary change, as the San Francisco Bulletin pertinently points out, "it is of vital importance that we do not go too far and overdo the job by permitting a foreign competition that would seriously cripple if not destroy industries that employ many thousands of American men and women."

"Such would be the effect of adopting the Democratic plan of levying a tariff for revenue only.

"President Taft promises relief, but he permitted a reactionary congress to revise the tariff upward instead of downward.

"This leaves but one hope, the Progressive party, which is pledged to abolish inequalities and so regulate the import charges that the greater part of the benefits of protection will go where it should go, which is into the pockets of the American workingmen and workingwomen."

THE STAY-AT-HOMES

All the primary elections in California have gone one way, but it is a favorite pastime of those who do not like that way to speculate on how the stay-at-home vote might have voted if it had not stayed at home.

Nobody knows, of course, beyond the fact that at every previous test the fuller vote that came out at the election confirmed the indications of the primary. There is no reason to suppose that it will be otherwise now, and every analysis of the conditions

Striking Local Application of Wilson's Anti-Foreigner Sentiments

BY L. H. KOEPEL

It is very evident that Mr. Wilson has both by pen and voice, given vent to his antipathy to certain of the foreigners who come to our country. He has made derogatory statements which cannot be explained away by sophisticated arts of so-called reason. That anyone anywhere in this land of asylum for all the oppressed of earth should speak deprecatingly of any of the refugees who enter our nation is passing strange. When a supposedly educated man deliberately makes derogatory remarks on that score it is past explanation. Yet this is what Mr. Wilson has done; he, the candidate who looks for the vote of the very people he stigmatizes.

Any student of history, anyone possessing a current knowledge of the constituency of our citizenship, realizes that the most of us are foreigners or their descendants. It is but a very few generations back that our ancestors were dwelling on Ireland's hills or in its dales, on Scottish mountains or in its valleys, by the Scandinavian seashore, on the banks of the Rhine, Rhone, Tiber, Danube, or Vistula, on the Alpine heights or on the fertile Spanish main. By far the largest number of immigrants who have achieved success, as measured by the deeds they did or are doing, come from the poor but thrifty foreign people. It is a fact that cannot be controverted, that the mixing of nationalities has been a veritable element in producing a citizenship with few equals and no superiors.

A glance at our nation's truly great men brings to light such characters as Van Buren, Frelinghausen, Bertholdt, Straus, Sigel, Pulitzer, Schaff, Schulz, Agassiz, Guyot, Bonaparte, La Follette, Haupt, and not the least among them, Roosevelt. No wonder Mr. Wilson has it in for the foreigners, save his own particular class, and while no one desires to detract from the achievements of that class, it is not the only one making a mark in the world.

Coming to California we discover names which are all but household words. There are Lissner, Caminetti, Rolman, Martinelli, Spreckels, Sutter, and the numberless Spaniards who bequeathed their names to village, city, river, lake and island. All were of foreign extraction, filled posts of honor in the courts, the legislature, businesses and profession. They were not the kind of people Mr. Wilson would have settled our state. What state can show a better type of citizens?

There is no need to seek proof of the professor's short-sightedness, his want of statesmanship, outside of Orange county and Santa Ana. If we were to eliminate the foreign element—never were worthier patriots found—from Santa Ana what would happen? Our city council would be

leads to the conclusion that the result will be exactly as indicated.

Consider, for instance, the elements of which the stay-at-home vote is composed:

There are, first, those who just happened not to vote—were away from home, or sick, or accidentally otherwise prevented. By the doctrine of chances, these people would differ in no political respect from those who did not happen to be thus prevented. Obviously, the law of averages would apply to these votes, if cast. They would not affect the result.

Then there are the disgusted—those who resent having to reach new conclusions on a new situation, when the world was so comfortable already, with a full supply of ready-made opinions, inherited from the past. Of these, a considerable part are going to remain disgusted. The same impulse that keeps them from voting now will keep them from voting in November. Another part will go through the painful effort of unwelcome thought, and will reach, by this process, the same results that other people reach more quickly. So, of the disgusted, we may count on a part not voting and the rest voting just like other people. Still the result is unaffected.

Finally, there are the indifferent, the careless and lazy, who did not vote at an election where there was no pressure to vote, but who may drift in to vote when they see everybody else doing it. But surely if there is any class that simply drifts with the tide, this is that class. Whichever way the self-determining go, these undetermined ones go also. They do not even divide in proportion to the average, but go nearly all with the majority. They never reverse a result.

REMOVAL SALE

Beginning Monday, Sept. 2, we will sell our Queensware, Hard-ware, Glassware, Graniteware, Aluminum ware, Baskets, etc., at a discount of

25 Per Cent

Mason quart Jars at per dozen 50c

411 418 West Fourth St.

nil. It would eliminate Ey, McPhee, Grubb and perhaps Alderman. Our city chief of police and tax collector would need to resign. The facile pen of McPhee of the Blade would be non est. No word of progressivism and vim from the enterprising Baumgartner. Our daily press would be defunct. Nor does that end the matter. Our business would lose Messrs. Zimmermann, Huft, the Reinhauses, the Lutzes, the Visels, Vandermaats, Viessman, Sebastian, etc. The medical ranks would be thinned by the withdrawal of that humanitarian, Dr. Wehrly, the progressive Doyle, and owners. Yea, if we eliminate more we will find no Miss Schomacher to sell the ladies hats, nor Wilhelm to dispense woman's regalia, nor Petersen to shoe our horses, nor Schenck to sell land, nor Winbiger to care for the dead, nor Metzgar to be everlastingly boasting the membership of the Chamber of Commerce. Just outside the city we find other well known names which would have no existence. There would be no Utt to change the desert region into a veritable paradise, no Bernicke to make dry fruit famous, no Rohrs nor Gruenewalds nor Stutsmans to bring forth the golden orange, the juicy lemon, the nutritious walnut to spread California's fame over the world. Yet Mr. Wilson would have jarred out these substantial men and women. If Santa Ana would lose so much if the foreigner had never come what must be the loss to the state and nation? In the city of Orange the loss would be still greater. In Anaheim—well now, that is the limit! We would lose our assemblyman and three-fourths of the population. Look up the record of the boys and girls of Anaheim. See what they won in the last "county-meet" of school children.

Thus we might enlarge. This is enough to show how utterly a man of Mr. Wilson's type is unfitted to be the executive of this, the most Providential nation which exists today. We live in a time that is humanitarian. The movement to free the boys and girls who are wage slaves so that they may attend school has come to stay. The amelioration of the prisoners and mentally unbalanced people's lot demands vigorous attention. The toilers in the mines, shops, stores, on railroads, steamships, on the farms, yea in every walk of life demand consideration. The resources of our nation, especially the human, must be conserved. This does not appeal to Mr. Wilson. He is not connected with the humanitarian movement; in particular he has no interest in the so-called ignorant foreigner. In the light of these facts it does not seem strange that anyone whose heart beats for his fellow-man's welfare should give any support to the Democratic nominee for President of these United States.

sult, when they turn out to vote, but they may make the predetermined result more decisive.

These are the conclusions of experience, in the past, and the probabilities of human nature, as to the future. As the primaries went, on a half vote or less, so, or a little more so, will the election go, on a three-fourths vote or more.—Fresno Republican.

MIKADO RECEIVES SEC. AND MRS. KNOX—LUNCHEON GUESTS

TOKIO, Sept. 11.—The new Mikado today received Secretary of State Knox and Mrs. Knox in audience, and later entertained them at luncheon. He accompanied the Americans to the chamber where the late Mikado's body lies in state.

MEXICAN HEIRSS WEDDED AT COURT HOUSE

Lupe Lamphar, of Sinaloa, Mexico, and Fred C. Graf, of Cincinnati, Ohio, were married at the court house this afternoon by Justice of the Peace Landell. The bride's father, William V. Lamphar, is said to be one of the largest landowners in Sinaloa. The groom gave his occupation as manager for the Swift Packing Co.

Bits of Farm Wisdom

The best way to inoculate alfalfa land is with a manure spreader. No crop responds better and the value of manure is no greater anywhere than on an alfalfa field.

If you want your hens to shell out eggs boil up some of those small potatoes and feed them now and then a ration.

No root is more relished by domestic animals than carrots. Weight for weight, they are somewhat less nutritious than potatoes, but the greater yield more than makes up the difference in quality. Horses are especially fond of them.

Charcoal pounded fine and kept in drinking pans will keep the young and old birds in good condition.

One part ground soy beans, with two parts corn, makes a good combination for pigs.

The best fertilizer or material to use for the fertilization of orchards is stable manure, which should be applied annually at the rate of a large farm wagon load to four trees, or at least 500 pounds to each tree.

Formaldehyde For Potato Scab

Scab on Irish potatoes can be largely prevented by treating seed tubers before they are planted with formaldehyde. A convenient way to treat the tubers is to use one pint of formaldehyde to about thirty gallons of water. Pour the solution in a barrel. The tubers to be used for seed may then be put in a sack and suspended in the barrel for about two hours. When removed the potatoes should be spread out to dry.—Farm and Ranch.

Wondrous Beauty of Flowers

What a desolate place would be a world without a flower! It would be a face without a smile, a feast without a welcome. Are not flowers the stars of the earth and are not stars the flowers of heaven?—Mrs. Balfour.

FIRST LEG OF OWENS RIVER ACQUEDUCT SYSTEM PLANNED

LOS ANGELES, Sept. 11.—Chief Engineer Mulholland submitted to the Public Utility Commission yesterday his specifications for the construction of the conduit from San Fernando reservoir to the Franklin tunnel, being the first leg of the Los Angeles aqueduct distributing system. He estimates the cost at about \$700,000.

GERMANY LIKELY TO RAISE BAN ON MEAT FROM ABROAD

BERLIN, Sept. 11.—In consequence of the general clamor against the high price of meat, the government, according to the Rundschau, is considering the question of facilitating the importation of Argentine chilled meat. This measure is advocated in countless petitions and remonstrances by municipalities and political organizations. The importation of Argentine frozen beef is now theoretically permitted, but is hampered by regulations which render the importation practically impossible.

NEW GODDESS FOUND

BOSTON, Sept. 11.—The discovery of a hitherto unknown goddess, whose head is described as that of a second Venus de Milo, is reported from Athens. The discovery was made on the site of the ancient city of Pagasel, the cemetery of which was discovered some time ago. The goddess, bears the name Pasierata. The head is in splendid preservation, it is said.

UNION MAY HAVE REACHED RICH SAND

Los Angeles Times: Well No. 4 of the Union Oil Company in La Habra Valley which is down 2770 feet has gotten an excellent showing of oil, which has risen to within 1100 feet of the top of the hole. No. 3 has had 75 feet of oil sand and is now down 3125 feet. It is believed that the Union is now in the same oil sand from which the Amalgamated secured the large flow of oil in No. 8.

FISHING VESSELS WERE BADLY DAMAGED IN BIG HURRICANE

ST. JOHNS, N. F., Sept. 11.—Wireless messages from Labrador tell of the havoc wrought by a hurricane which swept the coast last week. The reports indicate extensive damage to fishing vessels along the coast.

One schooner was driven on the rocks at Cut Throat and four of the crew drowned. The greater portion of the fishing fleet is on the way from the extreme north of Labrador, a section dotted with islands exposed to the fury of the storm. Tragic news is expected from that region.

1800 ACRES NEAR BROOKING TO BE PLANTED TO APPLES

SAN BERNARDINO, Sept. 11.—A forest of 1800 acres of apple trees will be planted by the Brookings Lumber Company near Fredalpa, on land laid barren of pines by the company's timber crews. Experiments have developed that apples can be successfully grown on the Brookings property.

SANTA FE DOUBLE TRACK FROM CHICAGO TO COAST

RIVERSIDE, Sept. 11.—California is developing rapidly, the millions that are to come both by railroads and steamer within the next few years will find abundant opportunity for labor and farming. There is water under most California land and electricity is proving to be a cheap power for pumping it. The Santa Fe is double tracking its line from San Bernardino, and west from Albuquerque. The larger portion of the way between Los Angeles and Chicago will have been double tracked before the opening of the Panama-Pacific Exposition.

890 STUDENTS ENROLL IN LONG BEACH "POLY" HIGH

LONG BEACH, Sept. 11.—The high-water mark in registration was reached here yesterday when 890 students enrolled at the polytechnic high school and it is now the prediction of the new superintendent, Stevens, and Principal Burcham, that within sixty days more than 1000 students will be taking courses at the school. Tomorrow afternoon, will be the first meeting of the mandolin and guitar club, the high school orchestra of forty pieces holding their first rehearsal Thursday.

Night school opening this week. (Orange County Business College.)

However, the Editor shall be the sole judge as to the propriety of publishing any communication, and the Register assumes no responsibility for any views that may be expressed in this column.

A Personal Opinion

In reading the report of the last meeting of the City Council I was glad to learn that at least one member of the board, is of the opinion that there is no need in Santa Ana for a "ladies" poolroom, or more pool rooms of any kind, and am pleased to say that he represents the Fourth ward in which I reside. I mean in regard to the stand he took in relation to the pool room license, combined with a "ladies" parlor and rest or cloak rooms.

I am not a voting woman, nor believe, as yet, in granting the franchise to women; have always clung to the idea that woman could far better use her influence for good with husbands, fathers, sons and brothers, in her home, for there she is queen, and with tact and discretion can reign supreme. But if anything could turn me to the giving of my vote, it would be to put such men in office, regardless of politics.

A man, like our Fourth ward member, who is not afraid to speak his convictions, will not be led, by a few paltry dollars gained in the treasury, to the sacrifice of our sons and daughters.

Most respectfully,
A MOTHER.

Mrs. Alba J. Padgham will now resume her class in piano instruction. Pupils desiring to study, please phone Home 179 or Sunset Red 3131.

Ladies are invited to attend our Fall Millinery Opening Saturday, September 14th. Miss Ruth Taylor.

ENTERTAINED SIR KNIGHTS

Lady Meccabees Proved Splendid Hostesses Last Eve, Giving Guests Varied Program

Sir Knights of Maccabees Tent No. 8 were charmingly entertained last evening by the Lady Meccabees who kept open house and provided an interesting program as well as other entertainment.

About seventy people were present and the first part of the evening was devoted to music. Prof. Andrist with his orchestra gave several enjoyable musical selections which were followed by two well played violin solos by Elwell Squires.

The company then adjourned to the banquet room which was prettily decorated with roses, ferns and smilax. Delicious sherbet, cake and coffee were served by the hostesses and the half-hour at the banquet table went by merrily in jest and laughter.

Card games interested the majority of the company for the rest of the evening, but there were others who found more pleasure in tripping the light fantastic toe. The guests were left free to take their own choice of amusements, games of various sorts helping to while the hours away.

Garden Grove Y. P. B. to Meet
The Garden Grove Y. P. B. will meet at the home of Mina Harper, Friday evening, Sept. 13, 1912. There will be a good musical program. Members are requested to bring their quies.

Prominent Lecturer Coming
Mr. Edmund Norton, the well known magazine writer and Single Tax lecturer, will deliver an address on the Single Tax at the hall of the Socialists in the K. of P. Hall on East Fourth street, on the evening of the 12th, Thursday, at 8 o'clock. Admission is free and the public is invited. There will be a reply to Mr. Norton's address by local members of the Socialist party, at the conclusion of his talk.

Memorial for Mikado
The public will be invited to attend the memorial service of the late Emperor of Japan, to be held in the First Congregational church Friday at 2 p.m., September 13. By order of the Japanese Association of Santa Ana.

Splendid Auto Trip
Mr. and Mrs. F. J. Rogers and Mr. and Mrs. John H. Edwards have returned from a most successful and greatly enjoyed auto trip on which they started last Thursday. The party journeyed down to San Diego via the coast route and from the Harbor City made many side trips. They visited Point Loma, Coronado, Sweetwater Dam, Tia Juana in Mexico, and various other points of interest.

Return was made by Escondido, the party making it a point to be there on Grape Day. The journey from there took them to Santa Ana by way of

HIGH COST OF LIVING EASILY SOLVED PROBLEM BY MONROVIA MAIDS

The problem of the high cost of living has been solved at Monrovia easily, says the Los Angeles Examiner. Banded together, the young women of Monrovia, under the direction of Mrs. Charles H. Anson, have analyzed culinary economics until they can make a dime do the work of a quarter.

To show what really could be accomplished, Mrs. Anson was hostess to the members of the "J. O. C." class of which she was teacher. The result was that the dinner for twelve cost only \$1.16. Recently twenty-three persons were fed with an outlay of only \$2.12.

The menu consisted of tomato salad, meat loaf, scalloped potatoes, string beans, bread, butter and cantaloupe. Sugar and tea were figured at four cents. The other prices were as follows:

Tomato salad—Tomatoes, 5c, lettuce 2 1/2c, salad dressing 7c, total 14 1/2 cents.
Meat loaf—2 pounds, 7 ounces, chuck steak 35c, 1 egg 3c, 1 onion 2c, crackers 2c, 1/2 pound salt pork 5c, total 45 1/2 cents.

Scalloped potatoes—Potatoes 5c, 1 quart milk 10c, total 15 cents.
String beans 10c.
Bread 5c.

Butter 15c, cantaloupe a la J. O. C., 11 cents. Total for the entire dinner, \$1.16.

Elisnore Hot Springs, Riverside, Colton and other interior cities. They all agree that they had the "time of their lives."

Lawn Social

The young ladies of the First Baptist church last night entertained the members of the church and congregation at a lawn social at the W. G. Gould home on North Main street. The spacious grounds were lighted with electric lights and Japanese lanterns, and fitted up with rugs and chairs.

A short program opened the evening's entertainment, which consisted of two orchestra numbers, solos by Ben Riestland and Mrs. Mit Phillips, and a short skit, "Why We Never Married," in which fourteen of the young people recited their experiences along matrimonial lines.

After the program, the evening's entertainment consisted of various amusements scattered over the grounds. In the house was an art gallery of "rare" pictures and curios, with an experienced exhibitor to show the fine points of each. A tent in one corner of the yard, where by the Bertillon method, each received his fortune, proved a popular spot. A fish pond, where every one, no matter what his previous experience might have been, was able to catch something; a studio where an experienced photographer with several able assistants took photos, and a most attractive refreshment booth, where orangeade and cake were dispensed, were the other attractions. About 150 enjoyed the evening.

Socialist Forum
On Thursday evening, September 12, the Santa Ana Socialists will hold an open forum at 306 1/2 East Fourth street at 8 o'clock.

See the newest styles in Fall Millinery at our opening Saturday, September 14th. Miss Ruth Taylor.

MOTHERS' ANNUAL PICNIC

Women From Over Orange Co. Gathered at W.C.T.U. Event in Pretty Birch Park

If numbers count for anything, the all-day Mothers' meeting held in Birch Park yesterday in charge of Mrs. Frank McElree, was a decided success, a very conservative person present placing the number in attendance at 300. It was pleasing to see many men present, showing that the W. C. T. U. is appreciated, and can be relied upon to help in all good works. A large number of American Woman's League members from Orange County chapters were present, having also planned a picnic in Birch Park. They were invited to join the W. C. T. U., which invitation was accepted. Chairs had been placed in the shade of the dark foliaged umbrella trees and with the folds of Old Glory floating in the breeze it was a scene to delight the heart of any artist.

The morning hours were devoted to friendly greetings and a short business session by the local union. At noon three large tables were spread under the umbrella trees and seated at the center table were Mrs. Lucy Blanchard, state W. C. T. U. president; ministers and their wives and county W. C. T. U. officers. The children were all seated at another table by themselves.

After the singing of the doxology, the splendid luncheon was much enjoyed. The local union supplied the coffee. After luncheon talks were made by Rev. Johnson, Mr. Amos Wright and Rev. Russell on prohibition and child labor.

The ladies were glad to have with them Mayor Ey, and glad that he stood with them in questions of reform. He said in part:

"We have tried to give you a city that all should be proud of. If there is unlawful business going on, come to us, give the evidence and we will stop it. If poolrooms are not a good thing, then, put them out."

The regular program was opened by singing of "Nearer My God to Thee." Mrs. Nickell led the devotionals. Mrs. Winbiger sang a solo in her usual pleasing manner. Then little Margaret McElree sang "Buy a Dolly," in her sweet winsome way, accompanied by Pauline McElree.

The state president, Mrs. Lucy Blanchard then addressed the audience. She said in part:

"A slavery far worse than that of the colored man is in our midst. The liquor traffic enslaves both body and soul. We owe it to the good men of California that we have the use of the ballot. We have blamed the men before, but the blame cannot always be placed upon them. Now that we have the ballot, let us use it. The Prohibition party stands for the elimination of the liquor traffic and the white slave traffic."

Miss Gertrude Utt favored the audience with an instrumental solo, and Jennie Stearns then sang an Irish selection. Other music was a pleasing solo by Mrs. Winbiger.

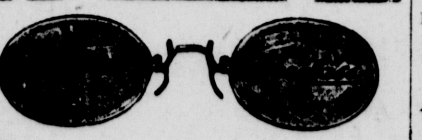

Rev. Gonzales and wife were introduced and each spoke very hopefully of what they wish to do for their people and what they expect of the people of Santa Ana.

The appreciation of the W. C. T. U. women of this city of the action of the city officers in closing questionable places was shown by a vote of thanks, given standing.

A rising vote of thanks was also given two members of the council for their recent vote.

Mrs. McElree was thanked in the same way for her efforts in planning and carrying out the event of the day.

Farewell Party
Miss Ora Dunning, who with her family soon leaves for the east; and Misses Mary Jones, Mignon Greenleaf and Mary Hallmark, who will go to Los Angeles to attend Normal School, were the guests of honor at a farewell party given for them last night at the

SPOT IN EACH EYE TOTALLY BLIND

The Blind Spot Can be Easily
Located by Simple
Experiments

NEW YORK, Sept. 11.—In every eye there is a little spot that is totally blind. Young eyes, old eyes, sharp eyes, dull eyes, blue, brown or black eyes—all of them, even the most perfect, have, in each retina, a little round spot, which is wholly blind both to brightness and color. This spot is located just at the point where the optic nerve enters, and is approximately one-twelfth of an inch wide.

Several interesting experiments can be made to prove the presence of this blind spot. For example, cover the right eye with the hand or a bandage and gaze with the left eye steadily at a point on the wall or screen about seven feet distant. Let another person be seated against the wall on your left-hand side, in such a position that his forehead is on a level with the point at which you are gazing, and his nearer cheek about twenty inches distant from it.

Do not turn your eyeball, but gaze steadily as at first, and his face will seem to be perfectly blank. If you spread a sheet of paper on the wall and note the points at which a pencil moved back and forth by another person appears and disappears you will be able to make an accurate map of the blind spot as projected on the wall.

Another experiment is performed by painting nine large letters in three vertical columns of three letters each upon a sheet of paper. Hold the paper at such a distance and in such a position before the eye that the central letter of the square falls within the blind spot, while the surrounding eight letters are still visible.

HILL STEAMSHIPS MAY BE SENT HERE

Line May be Extended From
Puget Sound to Los Angeles
Harbor, is Report

Los Angeles Examiner: James J. Hill may extend his steamship service from Puget Sound to the harbor of Los Angeles but he may not build any railroad lines into California for many years to come. This information was received this morning from Seattle by a local business man. His correspondent is a prominent shipper and has always been considered an authority on railroad affairs.

"Hill has a compact with the Harriman system," says the letter, "and his agreement covers the use of the North Bank railroad and the Portland and Seattle lines. The agreement practically gives Hill all the entrance he desires to California and in return the Harriman system enjoys a through train connection with Puget Sound by the same sort of trackage agreement that exists between the Santa Fe and the Southern Pacific."

"Hill may put fast steamers on the San Francisco-Los Angeles run in competition with the Beaver, Bear and Rose City and the vessels of the Pacific Coast Steamship Company. He could book a good coast tour to his oriental connections and it is not impossible that he might run a special oriental liner to San Diego and Los Angeles. The freight problem is what he has to consider and the opening of the Panama Canal may or may not live this."

What We Never Forget
According to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that other or grandmother used to cure rashes, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. It is valued for piles, corns or colds. Only 25 cents at all druggists.

PHILADELPHIA, Sept. 10.—One car Valencia sold. Market is unchanged.

LOS ANGELES PRODUCE MARKET

The arrivals of Bellefonte apples and Salway peaches were very large yesterday. About ten cars of the former are coming in daily, about half of which go into cold storage. Five or six cars of the Salways arrived, a number of shipments coming from Placer County. A carload of Pennsylvania Beauties, a new variety of apple to the local market, came in from Santa Cruz County, and are selling at \$1.35 to \$1.50 a box. This is a fine flavored apple. Large shipments of grapefruit are received, and the stock is averaging \$3 a box, some of the choice varieties selling at \$4. Sweet potatoes are coming in better than last week. The minimum selling rate is now about 2 1/2 cents a pound, however, whereas a couple of weeks ago it was 1 1/2. Cauliflower, which was somewhat scarce, is arriving in considerable quantities, and is quoted at 75 cents to \$1 a dozen. Cabbage is bringing \$1 to \$1.25 a sack. Hundreds of jackrabbits are received. These sell at \$2.50 a dozen. There were no changes in the staple market. Some northern fresh cheese was offered at 15 cents a pound, and some longhorn cheese at 18 1/2; also some eastern and Tillamook daisies at 18 1/2 and 17 1/2 cents, respectively. Egg receipts were light, only 100 cases. Butter and cheese arrivals were 21,356 and 12,600 pounds, respectively; 30 sacks of beans, 59 of onions, 2552 of potatoes, and 20,949 boxes of apples were reported in.

RED APPLES

Are more certain profit makers than even Valencia oranges. They are less expensive to plant and care for, and the land costs less than good orange land. They are easier marketed, and have a longer marketing season, and an almost unlimited market here in Southern California.
We have the place where the very best RED APPLES grow, where the climate cannot be beaten, even in this country of good climate, where pleasant breezes blow all summer, with an altitude of 2500 to 3000 feet above the sea. There is no excessive heat, bright, crisp and bracing air is the rule.

The Yucaipa Valley
Offers the finest opportunities to be had anywhere. Land reasonable, water plenty and of the best quality, only nine miles from Redlands. No experience for we now have plenty of both old and young orchards to demonstrate our claim. We would like to talk this over with you, then show you the land. "Seeing is believing."

SCHOOLEY & SCHENCK

IN THE JUSTICE COURT

LIQUOR WAS
HIS CHOICE

George Beswick Must Answer
Felony Charge For Abandonment of Wife

George W. Beswick was before Justice Landell, sitting for Justice Cox, this morning, on a charge of felony in abandoning his wife, Laura E. Beswick. The parties lived at Harper. The complaint was sworn to July 1, but Beswick was not arrested until some time later.

Mrs. Beswick testified that she and her husband were at Newport Beach on May 27 last, and that he had been drinking some. She told him that he would have to choose between her and liquor, and the next day he took her to her mother's home, gave her \$12, and told her that his love was dead and it was useless for them to try to get along together. Since that time, she said, he had contributed nothing to her support. They were married in June, 1911, when the girl was a little over sixteen. She said on the stand that she had made no effort at reconciliation, and that now it would be impossible for her to return to him.

Justice Landell held Beswick in \$500 bond to answer to the superior court.

Espinoza Pleads Guilty

Eutimio Espinoza, who was in the quarrel which resulted in the death of Deonicio Pulido at Huntington Beach Monday, was before Justice Landell this morning on a charge of disturbing the peace. He entered a plea of guilty, and Justice Landell imposed a sentence of \$60 fine or sixty days in jail. Not having the coin, Espinoza went to jail.

Get your driving horse shod by an expert. Try Smith, 407 N. Birch.

Agricultural Wisdom

No permanent agriculture can be maintained, no economical system of soil building created nor any effective conservation of fertility obtained without live stock. Breeding and raising of live stock is co-operating with nature and brings both present and permanent rewards. Farming without live stock brings attendant risks, depletes the soil, robs our children and makes of work a "necessary evil."—Kansas Farmer.

Their Diet Not Human Blood

The female mosquito, however, although preferring human blood when obtainable, will eat plant juices and the blood of reptiles when warm-blooded animals are not accessible. Indeed, it is probable that not one mosquito in a million ever gets a taste of human blood.

Santa Ana Boy Tells of
Student Work in China

C. R. Munson of this city, whose son, Edgar H. Munson, is now engaged in Y.M.C.A. work in China, has received from him a letter telling of his recent experiences in the work together with a report on it which he has just made to the International Committee. The report, which throws much light on the character and opportunities of the work in China, will be of interest to Santa Ana readers. The letter and report follow:

Mr. C. R. Munson,
Santa Ana, Calif.

My Dear Father:—Your letter of June 25th received when off in the mountains last week. I was there attending a Y.M.C.A. Secretaries' Summer School. Just finished giving two courses of lectures there during the past week.

The past three weeks have been extremely hot traveling about and attending conferences, and yesterday and today have been especially hot here in Shanghai. I am spending a few days in the office trying to get my summer reports written and answering the correspondence which has piled up. Early next week I leave for Peking, a sea shore resort in North China, there hoping to get a few weeks' rest. Next year is going to be a very heavy year for our work in China, and I am looking forward very much to these four weeks of vacation to put me in good shape for the year. Please don't worry about my strength giving out in this work. I have never felt stronger nor better than I do now.

I am enclosing in this letter a carbon copy of my report letter to the International Committee, also a description of the Temple of Heaven, which I visited when in Peking. These may be of some little interest to you.

Student Summer Conferences in China

The Student Conference idea has become firmly fixed in the student life of China. If any one should doubt this fact, he only need attend a few of the Student Conferences as held in different parts of China today. To see the Chinese planning and carrying through such conferences as are now held in seven different places in China; to see the executive ability of their leaders, and to see the spirit manifested by delegates in these various conferences gives us assurance that the Student Summer Conferences have become a powerful factor in China.

Today, twelve Student Conferences are held annually among Chinese students in various parts of the world; seven of these are in China, one in England, one in Japan, and three in the United States. Altogether, over eight hundred students are trained in these conferences each year, along lines similar to the training given in our Lake Geneva and Northfield conferences.

Although the minds of students, this year, have been occupied with the revolution and new ideas for the new republic, yet they have not been

oblivious to the greatest of all needs of China, and of her students—the need for a personal Saviour. Hundreds of students have volunteered, during the past six months, to give their lives to the ministry, due to the influence and untiring labors of Pastor Ding Li Mei. Many others have been led to accept Christianity. As a result of the new visions gained at the Student Conferences, many other students have returned to their homes and schools determined to put forth greater effort than ever before, in leading their fellow students to Jesus Christ.

The Foochow conference, touching the students of Fukien province, was held at China New Year time, with a total attendance of seventy-five. The significant point in connection with this conference was the new departure made in having government school students attend a Christian school conference. There were ten government school delegates present, only one of whom was a Christian; the eight days' association with mission school students gave to these men convincing arguments of their need of the Christ. These students returned to their government school, the Provincial Technical College, with the determination to plant the seeds of Christianity among their non-Christian students. Four of the ten men have recently been baptized and joined the church—the first of our government school work in Foochow. These four men are the leading athletes, as well as the most prominent students in the senior class.

The North China Student Conference met in early June, in the famous "Sleeping Buddha" Temple. Indeed, it was an inspiring sight to see those one hundred and twenty-six students gathered together in a Christian council of war meeting, in the old Buddha's Temple, while, with the sounds of priests' cantations and ringing of gongs, were mingled the praises in song of this Christian conference. This conference is the largest held in China and one of the best organized. The plan of program followed is similar in most respects to our American Student Conference. One of the outstanding features of this gathering was the earnestness manifested by the delegates as they met in four separate commissions and discussed how best the Student Young Men's Christian Association could follow up their program in Bible study in social service through the special use of literature and the development of the Student Volunteer Band. There were two other points of strength in connection with the North China student work which are well worth mentioning. The first is the large delegations sent from a number of the schools, for instance, Tungchow College had a delegation of twenty-six men, and the Peking Christian University had twenty-five men, and other schools, varying in size, from five to eighteen. Social service, as attempted by these associations, is a new extension of the association work. Peking University Association sent out sixty men to spend the summer in evangelistic work throughout north China. Tungchow College Association, through the efforts of their college Glee Club, raised a fund of two hundred dollars this spring and are sending out fifty men from their association to explain the idea of the new republic and its meaning to the people in small villages throughout the North.

The Yangtze Valley Conference was held at Kuling this year, with a total attendance of eighty-three. There were two important features in connection with this conference worthy of duplication in the future. The first one is the broad vision resulting from the discussions of the Social Service Commission. A number of students had the purpose of their lives completely changed because of the new fields of service opened up to them through this commission report. In fact, the new theme of Social service and the note struck by the "Men and Religion Movement" in America during this past year has been echoed through each one of the Chinese Student Conferences this summer. In connection with this the series of "Life Work Meetings" dealing with the general theme, "The Will of God" and a "Man's Life Work" was especially helpful. It gave to our men the realization of the truth that each man must find out and do God's will in his life work, no matter whether he become a business man, teacher, or minister. There were a number of other striking and important phases of the program which had great influence upon the delegates, among them being the Bible study course in Ephesians, as given by Rev. H. W. Luce, and the address on "Christian Patriotism and Heroism as Seen in the Revolution," by Rev. Richard Hu of Hankow Association.

No Student Conference in China has been so completely and efficiently managed by the Chinese leaders themselves as the Kiangnan Conference held at Hangchow. This is the oldest conference in China, and it is in this region where the conference idea has become most surely entrenched in the minds of the students. The visible results of the eight days' gathering at Hangchow were the definite decisions made by a large number of the ninety-six delegates in attendance. On the last day of the conference five non-Christian men gave their hearts to Jesus Christ, and quite a number of others volunteered for the ministry, due to the earnest, untiring efforts of Pastor Ding. Never have we seen such efficient well organized, personal work managed entirely by the Chinese as was evidenced in this conference. Day after day the twenty volunteers were to be seen meeting in special sessions in conference and prayer for the non-Christian men, as well as for those who were thinking of volunteering. The Chinese, themselves, pronounce this to have been the best conference ever held in the Kiangnan region. In speaking of this conference, we cannot help but make a second mention of the efficiency of the Chinese leaders, such as Professor H. L. Zia, Mr. Y. K. Woo and several teachers from various schools in this region. Not one foreigner was on the executive committee of this conference, and only twice during the eight days did any leader, other than Chinese, appear upon the program.

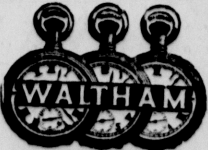

In addition to these conferences, others are to be held at Peking for government school students, one at Weishan for Shantung province, and one at Canton for the South China district.

As one of the leading missionaries of China has said: "There is no agency of Christian endeavor which is so full of potential possibilities for the students of the land as are these Student Conferences." At every closing session large numbers of men testified to change in their lives and the new vision gained for larger lives of service. Only in the course of the years as these men go out and witness day by day to the living power of the Christ, will we be able to adequately measure the realized power of these gatherings.

GREAT DRAWBRIDGE OPEN AT SAN PEDRO

Longest Single Span Bascule
Drawbridge in the World—
Ready For Commerce

LOS ANGELES HARBOR (San Pedro), Sept. 11.—The longest single span bascule drawbridge in the world was successfully opened here yesterday. The mammoth unit of structural steel and concrete has a span of 187 feet and 6 inches, and opens up the well known west basin to commerce, affording opportunities for development that are as yet only a dream. That the dream will undoubtedly come true is admitted on every hand, when the achievements of the past are taken into consideration. The enormous commerce now coming to the harbor is increasing by leaps and bounds, and new records are only made to be broken in a few months at the farthest. In June of this year the receipts of lumber were 77,500,000 feet, which was thought to be phenomenal and extraordinary, yet the month of August was a close second with over 71,000,000 feet. The receipts of general merchandise are greater than ever before by several thousand tons per month. The opening of the west basin will open opportunities for wharf development approximating 29,500 lineal feet on the harbor lines alone. This is equal to over five and a half miles and can be greatly increased by the dredging of slips.
